Tokyo Newspaper Warns Against Aid To Germany

LONDON, May 12.—(CP)—The Tokyo newspaper, Hochi, warned Wednesday in an article quoted by the British Broadcasting Corporation that the "dangers of Japan" are not to be underestimated.

NAZIS REACH IRAQ VIA SYRIA TO ID REBELS

Continued from Page One
The article said any aid to Germany would be greeted by the British with a warning that the Germans would attempt to use it as a free hand in the Dutch East Indies, should they succeed in conquering the British and American territories.

Mr. Eden declared the transit of German planes through Syria was a "clear breach" of the armistice between Germany and France.

BACK ROAD TO SUEZ
Iraq, scene of sporadic fighting between British and German forces since May 1, is the scene of a new advance by the British, according to a cable from Baghdad, Iraq capital, a few days ago after flying over Syrian territory.

A British news agency dispatch from Cairo quoted a "well informed" source as saying the British had been successful in driving the Germans out of Baghdad, Iraq capital, a few days ago after flying over Syrian territory.

A "high German" personage was reported to have said that the British had been successful in driving the Germans out of Baghdad, Iraq capital, a few days ago after flying over Syrian territory.

DISGUISED MARKINGS

German planes, according to British news agency dispatches, were seen flying over the Mediterranean Sea, disguised with markings to resemble British planes.

SEN. HUGESSEN IS APPOINTED LIBERAL HEAD

Succeeds Senator Lambert
in Leadership of National
Body

OTTAWA, May 15.—(CP)—Prime Minister Mackenzie King's office announced Wednesday night that Senator A. K. Hugesen (Lib.-Quebec) has been asked and has agreed to serve as acting president of the National Liberal Federation, pending the annual meeting of that organization, in succession to Senator Norman Lambert (Lib.-Ontario).

No reason was given in the statement for the change in the presidency of the Liberal party organization. It was learned, however, that the resignation of Senator Lambert, who has been in the cabinet since 1926, was no recent development and before the 1940 general election he had indicated to Mr. King his intention to resign because of a desire to devote more time to his own interests.

SOCIAL PROBLEMS

The statement issued by the Prime Minister's office said that the intention "at this time of year to have the Federation's work concentrated almost exclusively to a study of social and economic problems."

"The work of the Federation will also be increasingly concerned with a study of the various social problems which should underlie post-war reconstruction."

"The National Liberal Federation has always sought to assist the active co-operation of Canadian youth. Few public men have taken a keener interest in social and economic problems than Senator Hugesen."

"He is thus especially qualified to lead the co-operation of the youth generation in a work which relates immediately to the problems with which it is now faced, and is exceptionally well equipped to guide the Liberal Federation in its work along these particular lines."

NO DATE SET

No date has been set for an annual meeting of the Federation which coordinates the work of provincial Liberal party organizations and Young Liberal clubs, and is responsible for the distribution of party literature and 49 similar work.

Senator Hugesen, 49 years old and a native of Ashcroft, Kent, Eng., is a barrister where he is in Montreal. He served with the McGill battery (Canadian Artillery) in the first Great War.

In the 1935 general election he was an unsuccessful candidate in Montreal-St. Lawrence-St. George riding, and two years later was returned to the senate.

Senator Lambert, the retiring president, was born at Mount Fort, Ont., in 1885. He was called to the senate in 1938.

Leader of Clan Feared Killed in London Raid

LONDON, May 15.—(CP)—The Daily Telegraph said today that it is feared that Mr. Kyrie Parquhar, chief of the Parquhar clan and a close friend of the King and Queen, has been killed in one of the raids on London.

The newspaper said it was understood that he was staying with the house when a bomb exploded, causing the house to collapse. The body of Mr. Parquhar was recovered but that of Mr. Parquhar has not been located.

Widow of the late Robert DeLozier also reverted to the family name after assuming the leadership of her clan. She resided at Abercrombie House, Balmoral.

"Have you decided whether you're going to be a 'have' or a 'have not'?"

"Yes—I run my financial life in a business-like way. I save systematically. There may be illness. I'll want to buy things, help Canada's war effort by buying War Bonds, go on holidays. I save for these things—no matter how small the amount. That's how I'm being a 'have' instead of a 'have not'."

On The Libyan Front

A Libyan soldier is shown kissing the hand of Sayed As Senoussi, Moslem religious leader. The Libyan troops are refugees from the Italian colonies. They formed a battalion under the command of British officers. In view of the current Axis attempts to stir up a jihad (holy war) in Africa and Asia, the presence of such holy men as Sayed As Senoussi on the British side of the fence is significant.

which had left stepping stone to Syria. They can assemble perhaps 200 German-Italian-Russian ships, now in the Black Sea, and they can fly troops and supplies by air transport if the French give them the shipping facilities for Syria.

DECLINED TO GO

In this connection, it is reliably reported that French North Africa Commander General Maxime Weygand declined recently to go to Syria to organize defense forces. He is reported to have said that he would not go to Syria to organize defense forces.

OTTAWA, May 15.—(CP)—Men of 22 and 24 years who took 30 days compulsory military training under the old short-term training plan may be eligible for a pool to bring future compulsory training quotas up to strength should there be insufficient 21-year-olds. It was said authoritatively Wednesday night.

At the same time both national defense services and the national defense board have reported that the number of 21-year-olds available for four-months compulsory training is not ample for immediate needs.

"I'm not saying the war won't come when we'll call up men of greater years who already have had 30-day training, but to such step is contemplated immediately, a defense department source said.

The next draft goes to come in June. Defense Minister Ralston announced that men called into the reserve army will be detailed for active reserve duty in Canada, rather than men now in the active army duty elsewhere.

NEW WORLD IS PREDICTED BY R.G. MENZIES

Australian Prime Minister
Sees New Conditions
After War

NEW YORK, May 15.—(CP)—The immediate aim of Britain is to win the war, and once that is achieved it will be possible to build a better world. Prime Minister Robert G. Menzies, of Australia, said Wednesday, pointing out that "if Germany wins, the nature of the new world will be decided by her and not by us."

Receiving the press formally before leaving the train for Chicago, homebound bound after conferences with Canadian leaders at Ottawa and United States officials at Washington, Mr. Menzies was emphatic in stating his belief that the only immediate war aim is victory.

NEW WORLD COMING

"Don't people know what the war is about?" he asked reporters who pressed him to say something about Britain's war aim. "I don't think anyone in the world has the slightest doubt as to the nature of the issue of the war."

"We cannot speculate about a new world because we know that we are to achieve it," he added.

He went on to say, however, that there would be no fluctuations in the world as we know it, but that "when the war is over we will go back to the good old days."

"The new world will be very different from the old world in many respects. It will be a world of peace and prosperity, a world of freedom and justice, a world of unity and cooperation."

DETROIT, May 15.—(AP)—Operations in four General Motors plants at Flint closed this morning despite the announced postponement of strike action against the corporation by the United Automobile Workers (U.A.W.).

Palestine Jews Help Britain Zionist Declares In Appeal

"Jews in Palestine, now numbering approximately 300,000, constitute a source of strength to Great Britain in the Near East and Syria," Elhu D. H. H. of Boston, Mass., and honorary life president of the New England Zionist League, told a meeting of Jewish citizens of Edmonton in Talmud Torah hall, Wednesday evening. He spoke in support of the United Palestine appeal.

Every Jew in Palestine is fully in support of the British cause, he stated, and "each day is ready to defend the land with his life."

In addition to the 10,000 Jews now serving with the British in Greece, enough men to form several divisions have volunteered to fight under the Jewish flag, and to side with Britain, are the Polish, Czecho-Slovakian and Free French forces.

When war was declared 136,000 Jewish men and women volunteered for service, he stated. Zionist groups are working to give every assistance to the United Palestine Appeal, and the Jewish people have been started. All Palestinian industry has been spared for the effort, and many thousands Jews have volunteered and seen service under British arms, who paid high tribute to the part they have played.

Mr. Stone expressed faith in the ultimate victory of "Great Britain and her men," and the Zionist United States, who will, in his opinion, shortly be a full fledged partner, coming into the war with 10 per cent, and not 90 per cent as it is now.

STANDING TOGETHER

Today, he said, the Arab and Jews in Palestine have composed their differences and are standing together to guard the existence and welfare of their country, and the British cause.

On Thursday afternoon, Mr. Stone will address a meeting at Talmud Torah hall under auspices of the Edmonton Chapter, B'nai B'rith, and will leave the city that evening, en route to his home in Boston.
